School Tax Meet Set for Tonight

A meeting of the Civic Affairs Association has been called for today at 8 p.m. in Room 9 of the Sierra Madre Elementary School, 141 W. Highland. Chairman John H. Curtis announced yesterday.

This meeting has been called to discuss and answer questions on the tax propositions coming up at the June 6 elections. Charles E. Skutt, Superintendent of Sierra Madre Elementary Schools, will also give a short talk on the restoration of formerly curtailed services of the Sierra Madre Schools made possible by the approval of the new tax rate last Jan. 31. These include bus service, cafeteria, music department, etc.

Shippey Is Honored By Authors

Lee Shippey, columnist and author, was the surprise guest of honor of the Authors Club meeting last week in the Hotel Roosevelt, Los Angeles.

Members at the Lee Shippey Day luncheon meeting greeted the astounded Mr. Shippey with a standing ovation. He was presented with a scroll signed by the members and an anniversary cake.

Mr. Shippey's career, spanning half a century as journalist, author and "friend of man," was traced by Paul Wellman, president of the club, from its beginning on the Kansas City Star.

Mr. Wellman referred to the guest of honor's "astounding array" of published works and characterized him as a man of "immense kindness of spirit," with a "warm handclasp, a grin for everybody and a sage philosophy of life."

Mr. Shippey, he said, is a man of "good humor, discernment and, above all, sympathy." In all his published works, Mr. Wellman said, there appears "not one shade of rancor."

Mr. Shippey, who column has appeared in The News for years, has authored several books—three of which made the best-seller lists—and countless magazine articles.

He spent some time as a foreign correspondent and has been a newspaper columnist for large dailies for many years.

\$1,250 Settles Damage Suit For 1953 Pool Accident

A \$45,000 damage suit against the city and the former operators of the Canyon Pool was settled yesterday for \$1,250.

The suit was brought in 1953 by Miss Gloria G. Bronte, now of 860 N. Madison, Pasadena, after she suffered alleged injuries at the pool on Aug. 8, 1953.

Miss Bronte's suit, charging negligence, named the City of Sierra Madre and Mr. and Mrs. Jack N. Smith, operators of the pool at that time.

She sought \$45,000 damages for alleged serious injuries, plus unspecified amounts for medical expenses of upwards of \$500 and loss of several months' wages.

C. of C. Calls Special Session

The Merchants Division of the Sierra Madre Chamber of Commerce has scheduled a special meeting for 8:30 tomorrow morning in City Hall. Purpose of the session is to discuss the possibility of introducing a "Buy-at-Home" campaign in the Sierra Madre area. Mrs. Peggy Lusman, division chairman, urged all merchants to attend.

Only 2 Received Far Exceed Funds at Hand

A new snag developed at the City Council meeting Tuesday night in the construction of Sierra Madre's long-awaited parking district.

The city, it was reported by Administrator Lawrence Bevington, has received only two bids to improve the three parking lots and both of them are far above the amount of money available to do the work.

One bid, which included all necessary items, was for \$17,450. The second, which excluded the wrecking of a frame house and frame shed, was for \$9,282. Both were rejected.

The city has allocated \$5,150 to improve the lots, including \$3,500 from the parking district and \$1,650 from the city. This amount excludes the placement of bumper guards at the edge of the parking lots.

The Council, however, on a motion by Harold Roberts, authorized Mr. Bevington to proceed with the work on the basis of the lowest quotation obtained on each item by direct contact with various contractors, or to do the work with city employees or hire temporary employees.

Mr. Bevington estimated that all the work, with the exception of bumpers, can be done for \$5,450, only \$300 above the amount now available. The minimum estimated cost of the bumpers is \$905.

Mayor Charles H. James explained that excessively high bids are standard to day on small jobs because contractors have so much work to do. In any event, the rejection of the bids is expected to delay still further the completion of the parking lots.

The Council also discussed the possibility of the city's withdrawal from Civil Defense Zone D, which includes the cit-

ies from Sierra Madre east to Claremont, and affiliating with Zone C, which includes Pasadena.

This discussion followed the reading of a letter from Reggie M. Bolt, Area D coordinator, who set the new budget for the area at \$15,500, of which Sierra Madre's share is approximately \$500. Mr. Bolt's salary is \$6,000 a year.

It was also revealed that Arcadia is withdrawing from Area D to affiliate with Pasadena.

Mr. Bevington expressed doubt as to whether Sierra Madre was getting its "money's worth" out of Area D and as to whether the entire CD program is satisfactory.

"There is complete dissatisfaction within the state as to how CD has been advancing," Mr. Bevington said, "and there is lack of agreement all along the line."

The Council voted to ask Dr. Dan D'Arcy, Sierra Madre's Civil Defense coordinator, to consider the problem and to come up with some recommendations at the next Council meeting, June 12.

The City Council also voted to make Grand View Ave. a through street and authorized the placing of stop signs at all streets that intersect with it, with the exception of Baldwin and Mountain Trail, where the stop signs are on Grand View. In other action, the Council:

League Opener Won By Frisco and L. A.

The Little Coast League season got under way here Saturday night when Sacramento bowed to San Francisco, 17-2, at Sierra Mesa School and Los Angeles downed Hollywood, 5-2, at Sierra Madre School.

Hollywood and Sacramento met last night at Sierra Madre School.

The teams, their coaches and assistants are: Hollywood—Al Foxton, Vern Schomaker; Los Angeles—Jim Burke, Neil Yarnell; Sacramento—Bert Menne, Norm Davidson, and San Francisco—Bill Bodley, Roland Woodward and the Kiwanis Club.

T-shirts and caps were bought for the boys with funds provided by service clubs.

The Steering Committee for the league is headed by Harry Howard. The league, as part of the Sierra Madre Recreation

program, comes under the general direction of Philip Mitchell.

A second league, to be called the "Western League," will be formed as soon as enough interested fathers are found to help coach.

This league will be made up primarily of younger boys who will be Little Coast League material next year. Anyone willing to give time should contact Mr. Mitchell at Sierra Madre School. Practice sessions will be held Tuesdays at 3 p.m.

Snively Asks State Assume Smog Problem

State control of the smog problem was urged here Tuesday by Lisle Snively, Democratic candidate for 48th District assemblyman.

Mr. Snively, who is running against the GOP incumbent, Frank Lanterman, spoke before members of the Sierra Madre Kiwanis Club. A resident of La Crescenta, Mr. Snively is an accountant and a member of the Los Angeles County Water District.

"Smog," Mr. Snively said, "definitely cannot be controlled locally because automobiles are among the chief contributors. Smog eliminators on autos would have to be provided by state law."

He also urged state control of California's water problem, with the exception of flood control projects which, he said, should be handled by the Federal Government.

"The water problem in Southern California," he said, "is very urgent. We must within the next few years get an outside source of water."

The Feather River project, he added, is a step in the right direction but work on the project, especially on litigation procedures, must be speeded up if we are to be assured of sufficient water in time to avoid a disastrous situation.

Mr. Snively also urged more state funds to help the public schools and a more stringent narcotics control law.

Before Mr. Snively spoke, John Dewar, a representative of the Citizens' School Tax Information Committee, explained Proposition D, which is on the ballot for the June 5 elections.

The proposition proposes a high school tax rate of \$1.16, compared with \$1.36 now. If the proposal is defeated, the rate would be only 75 cents, which, Mr. Dewar said, is not nearly high enough to operate the schools. (See editorial on Page Two).

Next Tuesday, the Kiwanis Club has scheduled Judge John Sturgeon of Santa Anita Municipal Court as the speaker. He will discuss the present municipal court system.

Scholarship Won By Local Girl

Zoe Barter, daughter of Mrs. Marjorie C. Parker of 675 Orange Drive, has won a four-year scholarship to any college in the state.

Miss Barter, a senior at Pasadena High School, won the scholarship by taking a competitive examination at the high school. Other winners have not yet been announced.

The scholarship program, initiated this year by the state, provides up to \$600 yearly.

Special Census May Show Hike of 1,000

Although official results of the special census in Sierra Madre have not been released, reliable sources disclosed yesterday that the special census held here last week will show a population increase of about 1,000.

The last special census, held in 1952, showed Sierra Madre's population to be 7,769.

Anthony Cavalli Back Home After Major Operation

Anthony Cavalli, secretary-manager of the Sierra Madre Chamber of Commerce, is recuperating at home from a serious operation performed last month.

Mr. Cavalli expects to return to his work at the Chamber about Aug. 1.

During his four-week stay in the hospital, Mr. Cavalli received a flood of get-well messages from his friends and associates in the area, and this week expressed his "heart-felt gratitude" to the well-wishers.

Rescuers Here Help In Search for Boy

The Sierra Madre Search and Rescue Team was out again last weekend in the search for Boy Scout Edward Bailey II, of Los Angeles.

The boy had become separated from his companions on a hike from Morris Dam to Fish Canyon. One group of four men—Don Jackson, Edward, Fred and Earl LaLone—combed the roads and trails in the area north of Azusa all night Saturday.

The rest of the team was held in Sierra Madre for an all-out daylight search in the event that the boy was not found by morning.

He was found, healthy but

tired, by Sheriff's Deputies Charles McCain and Joe LaPoint at 8:30 a.m.

The boy had spent the night in his sleeping bag on a fire road 11 miles west of Morris Dam, where they found him. He had covered 18 miles in his travels.

ALL SET FOR THE BIG RALLY are these boys and girls from the Story Hour in Sierra Madre, shown as they get ready to board the bus for Pasadena's Shakespeare Club. The children were guests Saturday of the Good News Club at a rally which included a "Mr. Fixit" Gospel film, a personal appearance by

Bob Phillips and Shadrach, and other events. The Story Hour meets every other week at the home of Mrs. M. J. Scoville to sing songs and hear stories with a Bible, patriotic or inspirational theme. Teachers are Mrs. Marjory Stiles and Mrs. Claire Johnson. Jeannette Carlson is the pianist.

Annual Can-Can?

The PTA mothers and fathers did their duty last Thursday night, and their "Extravaganza" reaped in the neighborhood of \$150 for the cause.

Some show! Featured, among other things, were the world's most uninhibited can-can line and a "mellordrama" in which the featured role turned out to be that of the prompter.

That can-can would have turned Parisians green. Knobby knees flying, the dads wheeled and dealt all over the stage—to the tune of "Ta-Ra-Ra Boom Te-ay," yet, Graceful, it was not. Co-ordinated? No. But effective? Yup.

In the "mellordrama" the fearless fathers surmounted disappearing casts (the entire line-up was re-cast one week before the show) with colors flying.

No one could miss a line in this production, for each was repeated twice. The first would

come, sotto-voice at first, from behind a wooden screen on stage. The second would come from the actor.

As the drama wore on, the emotions from behind the screen became less sotto, more voice, so that some of the actors merely acknowledged their lines with a nod to the unseen star, disdaining to repeat them.

You may not believe it, but result was indescribably funny. It's impossible to comment on all the acts, but I thought the show as a whole was well worth attending—unpolished, perhaps, but energetic.

Which brings us to the point: why not make it an annual affair? It's the most painless way of raising funds—a perpetual crying need with the PTA—and it's good for the town, too.

As last Thursday night proved, there's plenty of ham around. W.F.T.

Don't Forget the Schools

When you're in the voting booth June 5 don't forget Propositions D and E.

Your votes will help decide what the school tax limits will be for the next three years. The present limits expire in June.

The schools are not seeking more money; they're asking only that you vote to retain the present total. It works like this: Expiring authorizations include \$1.36 for the high school district, \$1.34 for the elementary district and \$3.35 for the junior college.

This time, based on the needs of the individual districts, the propositions envisage the following breakdown: \$1.16 for the high school district, \$1.54 for the elementary district and \$3.35 for the junior college.

As you can see, the total in each case is the same: \$3.05. The tax rate is based on every \$100 of assessed valuation.

Sierra Madreans will vote only on Proposition D, which actually would reduce the limit for the high school district—from \$1.36 to \$1.16.

Hastings Ranch residents, of course, will vote on both.

The need for a "yes" vote on these propositions is clear. Without the authorization, the tax limits would revert to those set by the state between 1917 and 1933—50 cents for elementary districts, 75 cents in high school districts and 35 cents in junior college districts.

Such a reversion would set area schools back 20 years. Classrooms would be even more

jammed than they are today, it would be impossible to retain adequate personnel and many services would have to be lopped off.

The need for higher limits than those set by the state is indicated by the fact that 91 out of the 111 school districts in L. A. County are authorizing such limits.

The proposed limits are based on projected income, but in four of the past five years the increases in assessed valuation and other income have made it unnecessary to levy the full authorized rate. Last year, for example, only \$121.33 was levied out of the \$1.71 authorized for the high school and junior college districts (those affecting Sierra Madreans).

Remember: no one is seeking more money. On the contrary, Sierra Madreans are being asked to approve a decreased authorization for the high school district (Proposition D).

And Hastings residents are asked only to approve the same total authorized in the past. Few have spoken out against Propositions D and E, but proposals with apparent universal support have lost out in the past.

Apathy does it. Because there always is a turnout of persons who vote on principle against every tax proposal, no matter what its purpose.

So don't forget D and E on June 5. The schools can't get along without them. W.F.T.

Salvation Army Week

This is National Salvation Army Week.

The nation salutes the army that never fired a shot—the Salvation Army.

For 90 years this organization has marched in the darkened places of the world, standing guard over the lost, the bewildered, the forgotten, the sinful and wayward.

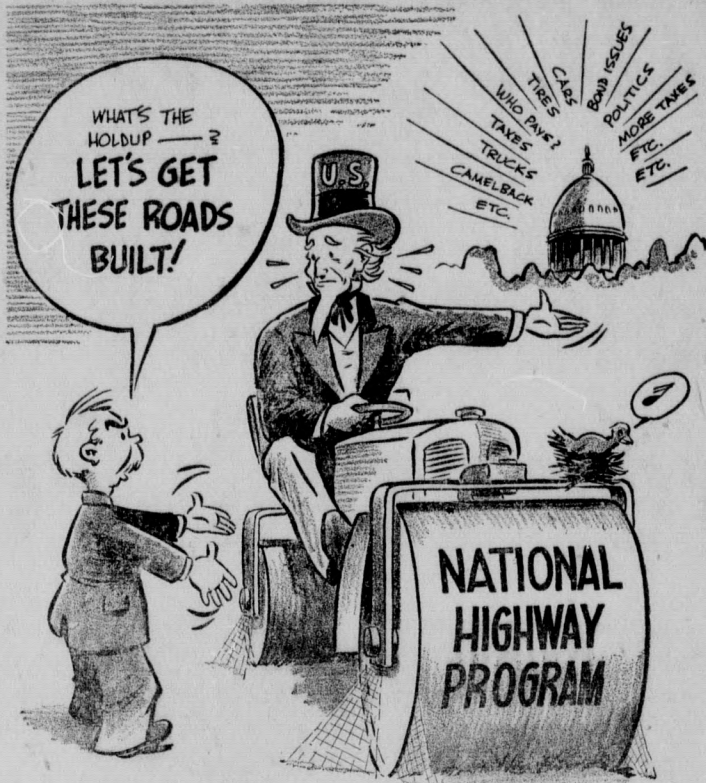

They have served in the mud of Flanders, in the blistering fire of New Guinea; in flood, fire, hurricane, earthquake; in

panic and depression. They have never failed to give practical interpretation to their simple, yet forthright religious philosophy.

The Salvation Army is much more than a drum-beat on the street corner.

The Salvation Army is the heart-beat of people who are giving their lives for other people—an army without arms, except those of love and care—an army with its arms around the world!

THE AMERICAN WAY

Waiting For The "Go-Ahead"

Lee Shippey asks
What Do You Think?

Sierra Madre is going to be mighty sorry to see the Al Morgans leave us. They've not only been good citizens all the time they have lived here, but have been so darned pleasant about it.

We always thought a lot more of Al Morgan than we did of Pierpont Morgan, though Pierpont had some reputation as a banker, too. We can assure the people where the Morgans are going that they are gaining some first class citizens, who, if asked, will take on some of the civic responsibilities most of us try to dodge, though they are the activities essential to community welfare and progress.

Al has made a mighty good Chamber of Commerce president and the Morgans have been most dependable for Red Cross and other activities which we all applaud but mostly prefer to leave to others.

"MAN NEVER is, but always to be blessed."

We can't escape, no matter how we try.

The month the vaulting gas bill takes a rest.

The doggone water bill goes leaping high.

I DON'T OWN stock in any oil company—nor in any other company, for that matter—but it seems to me there is a lot of sense in the conservation campaign the Richfield Oil Co. is carrying on.

Its assertion is that only about one-third of the recoverable oil can be recovered under

the present system.

When I was running a paper in Tampico, E. L. Doheny's Cerro Azul No. 4 was being flowed at more than 50,000 barrels daily, 365 days a year, and had been flowed at that rate for more than eight years.

The reason was that Doheny owned all of Hacienda Cerro Azul and would not permit any other well to be drilled near No. 4, fearing that would reduce the pressure.

In the Signal Hill area and Huntington Beach, on the other hand, owners of city lots adjoining could drill wells, so that a forest of derricks arose. Richfield asserts that such drilling of wells in close proximity so weakens pressure that two-thirds of the oil cannot be recovered and is wholly lost.

It urges that benefit districts be created, just as they are to pay taxes for certain improvements, and that only one or two wells be drilled in each such district and all the property owners in it share in the profits.

The way gasoline prices keep rising should convince all of us that this country needs all the oil it can get out of the ground. Not only industry and progress but family life largely runs on oil.

Certainly our Legislature should be able to put on such restrictions as would be fair to all property owners in an area and would result in the recovery of a great deal more of the oil which now, apparently, is going to waste.

Washington News

By EDGAR W. HIESTAND
Rep., 21st District

Washington definitions: "Reliable source"—the fellow you just talked to; "informed source"—the party who told him; "unimpeachable source"—the guy who first started the rumor.

SOME SEEMINGLY unimportant things don't rate headlines. The background of the votes of your Congress makes some of them tower in significance.

Such was the vote on the great Defense Appropriation bill for which we were requested to appropriate over \$34 thousand million. We finally voted unanimously to appropriate \$33,600,000,000, and of course that made the headlines.

However, the real fight was on an attempt to include a rider with the bill, making it impossible for the Defense Department to get out of the civilian business competing with our taxpaying citizens without approval of committees of both the House and Senate.

CONGRESS previously instructed the Administration and particularly the Defense Department to get out of business of competing with our taxpaying citizens. The Defense Department inherited several years ago some 2,500 businesses, which they had to own and operate.

The Defense Department has now gotten out of over 500 of these inherited commercial businesses. Our attempt to strike out the rider was ridiculed and was called "silly," so this called for a real battle. I answered by suggesting how ridiculous it would be for Congress, after directing the Defense Department to get out of businesses competing with taxpaying citizens, then to require the Department to get

permission of both Houses each time it wanted to get rid of an unwanted enterprise.

Most of these are small businesses, and Small Business would benefit substantially by a government policy of living up to the Constitution.

There is nothing in the Constitution authorizing the government to operate commercial-type businesses. We finally won decisively 222-156. The Socialist-Big Government forces on both sides of the aisle, aided by local-interest members, got a stiff set-back.

SENATOR ALBEN W. Barkley's passing last week removed a truly great Democrat from our Capitol. High compliments came from both sides of the aisle and at both ends of the Capitol.

The former Vice President and Senator from Kentucky, although implicitly a Democrat, never allowed himself to put his party above his country, when the nation's welfare and security were at stake. He never indulged in recriminations, smears or bitterness. Even when sorely tried, he had the wit and humor to turn aside an attack. The country and the Congress has lost a great man.

PERSONAL NOTE: Bernice and I cannot get back to California for the Primary campaign, much as we would like to do so. I'm sure you would approve this decision if you saw the legislative schedule here for the next few weeks. Each Congressman has to make his own decision. Some can be there briefly over a weekend, but as I see it, my job is here speaking for you in the district rather than there speaking to you.

Around the Square

Art Forum was Thursday night and turned out to be perhaps the best yet scheduled by Chairman Howard Whalen. Richard Haines, whose soft-toned work is held in considerable esteem locally, came all the way from Santa Monica to say a few things. Not all artists are vocal and Mr. Haines wasn't, but it is rewarding to meet a man whom you already know through his creativeness.

Jarvis Barlow came back to the home town to remark that he felt as though he were being tossed between Sheets—Millard at the County Art Institute (where Barlow is associate director) and Kenneth, forum moderator.

Nothing much was decided as to the role of the "Critic in Art," but forums are not meant to be decisive. If they are provocative of interest and widen appreciation, they have done a good job. Nearly 60 persons responded to Messrs. Haines and Barlow and could be heard, still hassling, out in front after the Library was closed.

MRS. C. TOOK her Siamese to the neighboring Cat Clinic. While waiting in the reception room for him to be shot—with vaccine, that is—she was dazzled by the following by-play.

A handsome, well-groomed woman came in and went up to the nurse-receptionist.

"How is Arthur?" she asked, with concern vibrating in her voice.

The nurse whisked out Arthur's chart.

"Well, his blood count is quite good. His pulse is almost normal and his temperature has gone down. Of course, the reports on his analysis show—" and they went into the medical details of the cat's condition. The woman seemed reassured.

"May I see him?" she asked.

"Oh, Mrs. Murgatroyd," sighed the nurse, "you know that always makes the patient restless."

IT IS ACCEPTED custom nowadays that when you move you pack your belongings in cardboard boxes. In order to acquire these boxes you prowl in the alleys behind Sierra Madre's shopping and industrial section. The rewards are varied,

the pursuit is pretty interesting. For instance, the trash at Sierra Engineering has real dignity. The labels read "Push and Pull Roller Bearings Ltd." or "Schlump's Tools. Established 1862." These set a much higher tone than the boxes you haul away from the markets or the drug stores. If the latter are your sources, you are very liable to move in "Sunsweet Prune Juice" and "Kleenex" boxes and your new neighbors will not be markedly impressed.

A local family once moved entirely in "Vodka" cases. It was summer time and they were very well received in their new community.

Trash-peeping on a private basis is also enjoyed around town, and is one of the privileges of living in a small community. How can you know what went on at the Jones' last night until you are walking the dog (that poor, tired dog) and notice their trash can brimming with beer cans, Eastern beer at that, Hmph.

Best trash-can comment once was made by Pat and Bill Wilcox, who rented a friend's house. Along with the rent check they enclosed a note:

"Everything fine. Very impressed with champagne bottles on top of trash. But what about 63c sherry bottles underneath?"

NORMA CHUAN has one third of a one-woman show on at the Balinese Shop in Pasadena. The work of all three young women forms excellent contrast and accents the delicate pen drawings Norma exhibits.

Her line drawings are of children and the rare old Victorian house still left in Sierra Madre. Her watercolors, as gay and colorful as those of Raoul Duffy, are of Mexican scenes. Must be seen to be appreciated.

Norma leaves us the end of June for Europe. Her husband, Dr. Ray, leaves in September for Brussels.

NO SOONER said than done. Street signs, the lack of which was lamented in this column last week, are now blossoming out all over town. Power of the press? No, probably coincidence. M.C.P.

Letter to the Editor

Many of us have felt a pang of regret when we found ourselves unable to spare funds to help a worthy cause.

Yet there is one cause—the cause of needy children and their families—to which we can give real assistance without having to go any farther than our clothes closets. Thousands of youngsters in our own United States and overseas are desperately in need of good, used clothing. Possessing little more than a few tattered garments, many boys and girls are unable even to attend school.

The Save the Children Federation, of which I have the honor to be a National Sponsor and a Board Member, is appealing for clean wearable clothing to help needy children and adults. Your readers can render a wonderful service by sending such clothing to:

Save the Children Federation, Dept. N Ault Road and Rutledge Pike, Knoxville, Tennessee.

winter months may seem a long way off. But by sending clothing now, your readers can be sure that coats, shoes, jackets and dresses will be available to provide warm protection for needy boys and girls when bad weather sets in.

Sincerely yours,
FAITH BALDWIN

Around and About

Edward Lloyd Voorhees

(In The News of May 10, Mr. Voorhees described the first part of his recent European tour, including his landing in Naples and a visit to Genoa. Here he continues his account.)

I took the first available train from Genoa for Turin, where I was to see again a family of old friends not seen for over 20 years, and complete the first of the several personal errands that partially motivated my winter's trip to Italy.

The three hours' journey of 100 miles from sea-level, with its sub-tropical vegetation, upward to Turin on the foothills of the Alps saw the untypical mantle of snow fall grow deeper over forest, fields, meadows, and towns, with ice on the many small streams, and the air growing colder.

In Turin that evening the chill in the air awoke memories of damp and cloudy Thanksgiving Days in our New England and Middle West, sharpened by the falling snow.

The next day my friends came at noon to my rather chilly hotel in their brand new "Fiat-1100" (which is the middle-size of those small cars, and quite snug once you are inside!) and whisked me away to their comfortable apartment along the River Po parkway for Sunday dinner, followed by a drive into the country.

We passed the extensive grounds and plant of the Fiat car company, and made a visit to the former royal hunting preserve, known as Stupinigi,

with its large wooded and fenced game preserve.

The "lodge" was impressive, actually an extensive and luxuriously furnished palace of rococo grandeur, but seeming hollow and melancholy, like other royal structures surviving in a republican regime. It is now a public museum.

During my few days in Turin I was, at the urgent insistence of my hospitable friends, their daily guest at lunch and dinner, a privilege of sharing a gracious family life and bilingual conversation with a father and mother and two attractive, talented daughters, one married, the other about to be.

My free time gave me the chance to explore the various sections and activities of a well-built and spacious city of wide streets, many open squares ("Piazza" this-and-that), impressive monuments, and business blocks of which the second floor, supported on stone arches, overhung the first floor, providing protection from rain and sun alike. These structures are called "portici."

Faith Lutheran to Observe Festival of the Holy Trinity

The last high festival of the ecclesiastical year, the Festival of the Holy Trinity, will be observed in the Sunday morning 10:30 service at Faith Lutheran Chapel, 835 Hastings Ranch Drive.

"In a way, this festival summarizes the thoughts of Christmas, Easter, and Pentecost," said Rev. A. Hesse, pastor, last Monday.

He explained: "This festival emphasizes that the Christians' God is the Triune God, namely, the Father who gave His only begotten Son at Christmas; the Son, Jesus Christ, who arose from the dead on Easter; and the Holy Spirit, who descended upon the Christian Church with His gifts on Pentecost. Therefore the hymns appropriate for this Sunday are Trinity hymns, such as 'Holy, Holy, Holy,' 'Come, Thou Almighty King,' and 'We All Believe in One True God.'"

In keeping with the theme of the day, the pastor has chosen as his sermon theme: "Be Followers of the Triune God."

On Saturday and Sunday of this week, the Lutheran Women's Missionary League convention will be conducted at the Municipal Auditorium in Long Beach.

The official representatives of Faith Lutheran's Ladies' Mission Aid are Mrs. J. Swanson and J. Laister. A number of other ladies are planning to visit the sessions and will attend the Saturday evening banquet. The convocation includes 100 women's organizations of the Lutheran Church—Missouri Synod in Southern California.

Miss McPheeters Joins Film Unit

Miss Virginia McPheeters, member of the Sierra Madre Methodist Church and sister of Dr. Chilton C. McPheeters, pastor, has joined the staff of the Methodist Church's Television, Radio and Film Commission in Nashville, Tenn.

An experienced actress and motion picture producer, Miss McPheeters has been named assistant production supervisor and unit manager at the commission studios.

As Virginia Wave, she has appeared in such movies as "Ride the Pink Horse," "Casanova Brown" and "People Are Funny."

Turkey Dinner to Aid Church Building Fund

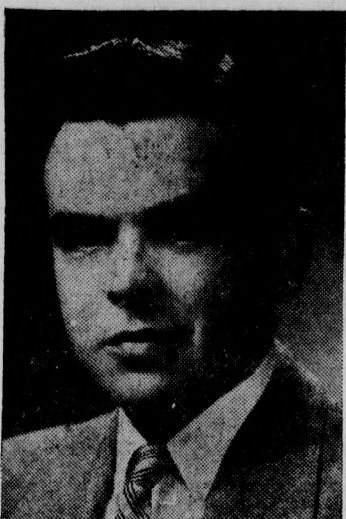

A barbecued turkey dinner, open to the public, will be served at George's Real Pit Barbecue, 19 W. Huntington Drive, Arcadia, May 28 from 5 to 9 p.m. for the benefit of the Santa Anita Church of Religious Science.

The dinner will cost \$1.45 for adults and 75 cents for children under 12 years.

Church News

Schooner Club Will Hear Talk On Civil Defense

"Thirty Minutes for Survival," a demonstration and discussion of steps taken to warn and protect civilians in case of enemy attack, will be presented to the Presbyterian Church Schooner Club on May 28 by Charles Jester of Pacific Telephone.

Charles Jester

As a stimulus to local civil defense activity, Mr. Jester will use a working model of the telephone company's Bell and Lights warning system and other devices to portray how attack warning information is disseminated to military and civil defense authorities.

Mr. Jester studied electrical engineering at Hillyer College in Connecticut before joining the telephone company in 1952. He is a native of New York.

The meeting will begin at 7 p.m. in Trinity's Fellowship Hall with dinner for members and friends.

Ranch Camp Will Open On June 28

St. Vincent de Paul Ranch Camp will open its 1956 season of eight one-week periods on June 28. The camp will accommodate 100 boys each week.

Camp periods will begin on June 28, July 5, 12, 19 and 26 and August 2, 9 and 16. The camp, for boys aged 8 to 12, is located four miles northwest of the city of San Fernando in the Granada Hills area of the Santa Susana Mountains.

Contributions to the St. Vincent de Paul Salvage Bureau will help provide camperships for boys from less-privileged families.

Special Service Set Sunday at Methodist Church

Dr. Chilton McPheeters will preach on "Stars Die at Sunrise" in a special Memorial Day service on Sunday at 11 o'clock. The theme of the message will address itself to the question: "If a man die will he live again?"

Sam Kirk will bring a message in song with a solo entitled, "There Is No Death." Other special music will be furnished by the choir.

The installation of a new sound system this past week has overcome the difficulties frequently encountered by those now compelled by increasing attendance to sit where they cannot see the speaker. Other conveniences and improvements are promised for the near future.

Annual All-Church Breakfast Set Sunday at Congregational

Congregational Church will hold its annual all-church breakfast this Sunday.

All members and friends of the church, and all church-school families are invited to bring their breakfasts and meet together at the Sierra Madre Villa Park at 8 o'clock Sunday morning. Those present will worship together in the Fire Circle at the Park at 9:30. Mr. Lindsay will speak on the theme, "Witnesses of God."

At 11 o'clock, the regular service of worship will be held in the Sanctuary of the Church. Mr. Lindsay will speak on the theme, "Mythical Truths."

On May 16, the church will hold a planning session from 1 to 4 p.m. New members of boards and committees will meet with outgoing members to learn their duties, to shape plans and policies for the coming year, and to coordinate the program. Al Paus, moderator of the church, will preside.

GOLDEN TEXT

"He that overcometh shall inherit all things; and I will be his God, and he shall be my son." This verse from Revelation (21:7) is the Golden Text of the Lesson-Sermon in First Church of Christ, Scientist, on Sunday. The subject of the sermon is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

A sermon may be short and still have a long reach.

Methodist Men Will Hear Talk

Fred Morris, who recently completed a religious survey of the Sierra Madre area, will address the Methodist Men at their monthly dinner meeting May 28.

Mr. Morris will discuss methods and techniques of follow-up in his visitation work.

People who say they believe in reincarnation probably would object to being called has-beens.

Special guests will be present from the parent organization to explain its program and purposes and to answer questions.

Witnesses Plan An Active Week

The Temple City congregation of Jehovah's Witnesses, which includes members from Sierra Madre, has announced a special week of activity beginning May 29 under the leadership of Peter D'Mura, a circuit minister and special representative of the Watchtower Society of New York.

Saturday night at 8 o'clock, Mr. D'Mura will talk on the subject "Personal Organization of the Christian." Sunday at 3 p.m. Mr. D'Mura will speak at Kingdom Hall, 5602 N. Rosemead Blvd., Temple City, on "Attaining Victory in Christian Warfare."

Rev. Ostrander was appointed delegate to the Assembly at the recent meeting of the Los Angeles Presbytery. The meeting dates are May 22-27, with Rev. Ostrander slated for a preaching assignment in Philadelphia on the 27th.

En route home they plan to go to Washington, D.C., for a visit, returning approximately June 5. Rev. Ostrander went to San Francisco to visit his mother, Mrs. Ruth Nelson, before he started east.

YOU CAN TAKE IT with you.
In each of Ford's six Station Wagons, folks and cargo both ride in roomy comfort.

In wagons, too, FORD goes FIRST!

Take your pick of America's best-selling station wagons . . .
each offering performance that has made Ford
the world's largest-selling V-8

When you choose a Ford Station Wagon, you get the best station wagon value. And sales prove it! In 1955, for the fifth straight year, Ford sold more wagons than the other two low-price makers combined!

Here's a sample of why folks choose Ford:
"I like the way I can change my six-passenger Ford wagon from a 'hauler' to a 'caller' in just three seconds flat—and that's no exaggeration!"

"What I appreciate is the room in my eight-passenger Country Sedan. With nearly nine feet of space, I can tote a half-ton of cargo or half a pack of cub scouts!"

"My Ford Custom Ranch Wagon does something I never thought any wagon could do: gives me as comfortable a ride as I get in our family sedan! And I appreciate its rugged scuff-resistant upholstery, too."

"I chose a 225-h.p. engine for my Ford wagon. And what a performer! It whisks me from 'whoa' to GO in less time than I can tell it."

Why not Test Drive your pick of Ford's six double-duty dandies? Whether you choose 2 doors or 4, seats for six or eight, you'll discover that you go first when you go Ford!

In Performance . . . Safety . . . Economy

PURE OIL MANUFACTURER'S AWARD for best all-around performance at NASCAR's Daytona races

MOTOR TREND AWARD for year's greatest car advance, Lifeguard Design

MOBILGAS ECONOMY AWARD for top gas economy per pound in Ford's class

FORD goes first!

Now! A Ford with air conditioning costs less than many medium-priced cars without it! Try one today!

Mrs. David Windsor King

Soft shades of pinks were used in the decorations at the Church of Our Savior, San Gabriel, when Janet Rodney Timmons, daughter of Mr. and Mrs. Colin Willis Timmons, 49 W. Orange Grove, became the bride May 19 of Lieut. David Windsor King of the U.S. Marine Corps, son of Mrs. George A. King of Santa Ana and the late Mr. King. Dr. Crawford W. Brown officiated.

The bride, given in marriage by her father, chose a long sleeve princess line gown of candlelight peau de soie. The Alonson lace of the bodice extended in appliques down the full skirt and flowed into the chapel train. Her fingertip illusion veil was held in place by an heirloom lace coronet worn by her mother at her own wedding. She carried a cascade of white orchids, stephanotis and phalaenopsis.

Virginia Jeanne Timmons was her sister's maid of honor and the bridesmaids were Daryl Timmons, another sister; Bettie Ann Beeks, Edith Karl, Sandra Schrieberman and Susan Weisel. The girls wore sky blue waltz length frocks, trimmed with velvet, and carried bouquets of pale pink carnations and min-

ature blushing bride roses. George A. King, brother of the groom, was best man and the guests were seated by David Ludwick, Dean Lappin, brother-in-law of the groom, and James Arthur, Paul Caylor and Edward Hunt Jr., cousins of the groom.

The bride's mother was attired in a shell pink taffeta gown fashioned with an embroidered chantilly fitted bodice and full skirt. She carried matching cymbidiums.

The groom's mother wore a pink lace sheath accented by a cymbidium corsage. Following the ceremony, a reception was held in the home of the bride's parents.

Following a month's motor trip through the east, climaxed by a week at the Elbow Beach Surf Club in Bermuda, the newly married couple will make their home at the Marine Base at Quantico, Va., for the next 10 months.

The bride is a graduate of Anokaia School for Girls and attended Stanford University through her junior year.

The groom is a graduate of Principia and Stanford University, where he was a member of Phi Kappa Psi.

Mr. and Mrs. C. R. Ulmen Celebrate Golden Wedding

Mr. and Mrs. Charles Rudolph Ulmen, 181 E. Algeria, repeated their marriage vows at a Nuptial Mass at St. Rita's Catholic Church on the occasion of their 50th wedding anniversary. Father Thomas O'Malley, pastor, officiated.

Present in the sanctuary were two of the couple's former pastors, the Rt. Rev. Msgr. Thomas O'Toole and Father John McCoy, S.J.

Other clergymen present were the Rt. Rev. Msgr. Gerald M. O'Keefe, Father Henry Van Son, Father William Farney, Father John Folliard and Father Gabriel and Father Isadore of the Passionist Fathers Monastery and Retreat House.

The children of St. Rita's Parochial School sang during the Mass. The Ulmens were married in Ascension Catholic Church, Minneapolis, Minn., on May 15, 1906, by Father Jeremiah Herington and came to Southern California in 1925.

Joining in the celebration were their four daughters, Mrs. Arthur A. Preter Jr. of Arcadia, Mrs. M. E. Meyers of Encino, Mrs. Claude Macattee of Arcadia and Mrs. Frederick Fruecht of Altadena; two sons, Urban S.

Ulmen of Los Angeles and Robert J. Ulmen of Sierra Madre; twenty-two grandchildren and one great-grandchild.

A breakfast for 70 members of the family and close friends was held at the Altadena Town and Country Club following the Mass.

Mr. and Mrs. Preter were hosts that evening at a champagne reception honoring the Ulmens. The other sisters, their husbands and the brothers and their wives assisted at the party.

Mr. and Mrs. Fred Krost of Minneapolis and Felix F. Ulmen of Seattle, Wash., members of the original bridal party, enjoyed the day's festivities.

In the spring, children count the days until school is over—late in summer, mothers count the days until it begins.

A brighter FUTURE

Almost every day, research into the medical use of radioactive isotopes is making new and heartening discoveries to help in mankind's age-old fight against disease. It is a bright side to atomic energy. As these discoveries become more and more available to physicians we hope that we, as pharmacists, can play a part in bringing them to you, as we have penicillin and other discoveries... and help your health to a brighter future.

Beaches, Gardens and Waters Add to Variety of June Events

June is a top variety month in the Southland. There are flower shows and Spanish fiestas, a fish fry and a flying fish festival, beauty contests and yacht regattas, farm fairs and music festivals.

An event is starting nearly every day all month, according to the calendar issued today by the All-Year Club, the area's national tourist advertising organization.

Coastal strip and beaches come into their own in June. Costa Mesa serves up some 3,000 pounds of fish in a big outdoor Fish Fry cooked on a battery of stoves set up on the main street June 2 and 3.

Glendale celebrates its origin on the old Verdugo Rancho with the "Days of the Verdugos" June 1-4. The parade is 7 p.m. June 1.

Morongo Valley, on the road to Twentynine Palms, holds a Spanish costume fiesta June 2-3.

The fourth annual Whittier Flower Show is June 2-3 with 14 garden clubs exhibiting.

ernmost counties compete for a "Miss Southern California" title in a celebration June 29-July 4.

Nine hundred of the nation's top track and field stars from high schools, junior colleges, colleges and armed forces will compete in the 68th annual U.S. Outdoor Track and Field Championships, June 22-23 at the new \$1,200,000 Memorial Stadium at Bakersfield.

is clothes drying your hardest work? YOU NEED A GAS CLOTHES DRYER

DOES CLOTHES-DRYING DRUDGERY make you
hate washdays? Visit your automatic Gas clothes
dryer dealer for a demonstration. Learn how much
work...how many steps...how much time you
can save. See how much nicer Gas-dried clothes
are, too. Best of all, discover how little it costs to
let Gas dry your clothes!

FASTER THAN SUNSHINE! Gas
dries clothes faster than California
sunshine...faster than any other
fuel. In fact, Gas dries cottons in
less time than it takes to wash
them. Lets you wash any time you
wish...day or night, rain or shine.

DIAL DRYNESS YOU WANT! Set dial
on "DRY" for pieces that need no
ironing. Even corduroys and jeans
come out soft, wrinkle-free. Set dial
on "DAMP DRY" and wash and iron
on the same day. No sprinkling!
Easier, faster, smoother ironing!

MAKES CLOTHES SMELL SWEET!
Gas-dried towels are fluffy-soft and
absorbent. They're fragrant as a
spring day...lint-free...ready for
folding and storage just as they
come from the dryer. No sun-fading,
no wind-frayed hems.

OPERATING COST 35¢ MONTH! The
monthly operating cost of an auto-
matic Gas clothes dryer is only about
35¢ for a typical family of four. The
installed price of a Gas clothes
dryer is also less than for any other
automatic dryer.

Automatic Gas clothes dryer illustrated is **NORGE**. Other famous makes are ABC,
Bendix, Blackstone, Caloric, Easy, Hamilton,
Kenmore, Maytag, Roper, Speed Queen, Wedg-
wood, Whirlpool.

VILLA
VIEWSBy Toni Maurin
SYcamore 7-9634

I found myself getting quite excited and enthusiastic about the weather of last week. Matter of fact, the family is of the opinion that I have finally accepted the inevitable, the coming of summer.

I made my first five gallons of potato salad, which, fortunately, we all enjoy to a point, which is also indicative of the fact that I am getting to the "let Daddy do the cooking" stage. No one, but no one, can cook meat on a bar-b-que like a man!

THE NORMAN L. WHITES of 1515 Sierra Madre Villa were glad to return last week to sunny, smoggy California. They spent a week in Chicago, and while they were there they went on up to Detroit and got in on the tail end of the tornado that hit Lansing, Mich.

LYNNE SEYMOUR, daughter of Mr. and Mrs. L. D. Seymour of 1945 Sierra Madre Villa, entertained 20 young couples at a "Y-Teen" dance last week. Refreshments were served during the evening.

MR. AND MRS. GEORGE Clark of 1525 Old House Road entertained their monthly supper club last Sunday evening. Among those attending were Messrs. and Mesdames William Friedrich, William Saunders, John Garo, Chuck Brinton, Gerald Ferracane, John Kelly and Tim Donovan.

THE BURTON DAKES of 2007 Villa Heights Road entertained a post-party last weekend. A post-party party consisted of a party after the party which followed the Dads' Show. Among those who joined them were the Charles Goldworthys, Jack Willis, Paul Mechlors, F. C. Deals, Cal Browns, Don Wilsons, Tom Sahms and Helene Kilby. The following day being their daughter Debbie's seventh birthday, Mrs. Dake took off with a dubious amount of energy with her children to go to Disneyland. They all had a wonderful and fatiguing time.

MR. AND MRS. GEORGE Matthews of 1510 Sierra Madre Villa recently entertained Dr. and Mrs. Chilton McPheeters, Mr. and Mrs. Myron Smith and Mr. and Mrs. Ove Jensen at a tea prior to going into Los Angeles to the Wilshire Methodist Church for the Madonna Festival. They were guests of Mrs. Matthews' mother, Mrs. Helen Profant, at the festival. Mr. Matthews is expected home this week from Huntsville, Ala., where he has been on a business trip.

I TALKED to Mrs. Ira Lackey of 1484 Old House Road and she informed me that her husband has now become a statistic. You know the one, more accidents occur in the home. It seems that he stood on a chair to adjust his television antenna, but the chair rebelled and down he went with unhappy results. He tore all of the tendons and ligaments in his knee and was confined to his bed for a week. He has progressed this past two weeks to crutches and expects to be on them for two more weeks. There's a moral to this story somewhere!

THE PHILLIPSONS on Old House Road have had their new pool in almost daily use and the John Chapmans at 1595 Old House Road also have succumbed to the pool bug and have started the excavation this past week. There are going to be so many pools around that no one will get to see their friends.

TONY ACKER, son of Mr. and Mrs. A. E. Acker of 3330 Vosburg, spent the weekend before last visiting friends on a ranch outside of San Francisco.

Mrs. Sweet
Is Hen Prexy

Mrs. Harold R. Sweet has been elected president of the Hasty Hens, succeeding Mrs. Peter Madsen.

Other new officers are Mrs. Mason Sanders, Mrs. William Lansill and Mrs. E. S. Gregory. They were elected and took office at the May meeting of the Ranch women's organization.

WRENS AND HENS and their husbands gathered Friday night for cocktails on the terrace of the Lee Henry home at 600 Rim before adjourning to Eaton's Garden Room for dancing and a midnight buffet supper. From left are Mesdames Yvonne Holman, Teresa Sanders, Marilyn Hyde, Joan Ogden, Helen Henry, Elaine Smallman and Theo Calmer.

Saturday Night

Mrs. Pooler will be assisted by Mrs. Ogden Boden and Mrs. Joe Cummins, other members of the party committee.

Final plans for the party were made at the monthly meeting Tuesday at the Jack Atkinson home, 3795 Shadow Grove, when the group enjoyed an interior landscaping discussion by Jack Cooper and Arthur Lampe.

Campfire Girls
Entertain at
Progressive Party

Sixth grade Campfire Girls from Eugene Field entertained at their first boy-girl party the other night, starting the evening with punch at the Burton Dake residence on Villa Heights Road.

For a barbecue dinner the group next went to the Don Wilsons on Hastings Ranch Drive; had dessert at the Richard Koontz home on Fairmeade, and closed the evening with games and dancing at the Jack Willis residence on Doane Road.

Chaperones, in addition to the hosts at each home, were Mr. and Mrs. Paul Mechlors, and Mrs. John Price, and Mrs. Barbara Halliwell.

Those attending were Pamela Mechlors, Renee Koontz, Dianne Wilson, Diana Brown, Connie Lieb, Nancy Milligen, Stephanie Dake, Susan Willis, Kathy Price, Beryl Fricke, Leslie Lockart, Janet Cress and Nancy Bridges.

Also Bill Taylor, Jack McGraw, Bill Hogboom, Richard Hasbrook, Jack McConaghy, Dean Lingren, Bobby Gaspar, Andy Smith, Bill Cooper, Ricky Neiderman, Bryan Silliman, Larry Peal, Norman Kremiller and Roger Shanks.

Varney, first vice president; H. Edmund Karig, second vice president; Howard A. Latta, secretary; and W. R. Dresser, treasurer.

Those nominated for chapter directors are Dr. Warren O. Wagner, Frederick E. Springate and Philip Robison. William A. Holt will continue as state director.

Following the business meeting, the engineers will see a film on guided missiles, "The Sky's No Limit," supplied by the Aerojet-General Corp. The meeting will be preceded by dinner at 7 p.m.

Mr. and Mrs. Charles A. Hayden, 1385 Hastings Ranch, are the parents of a daughter, Nancy Jean, born May 8 at Huntington Memorial Hospital, weighing 7 pounds, 12½ ounces. Last summer Annie and her partner, Robin Little, won first place in the senior division of the Southern Pacific A.A.U. as a duet in synchronized swimming.

MRS. ANNA Mary Magnuson, vice principal since Wilson started in 1927, will retire this June. She really will be missed. Miss Phyllis Crane, girl's P.E. teacher, also will retire. Miss Martha Vickers, another P.E. teacher, will leave Wilson to be married.

At last something is really being done about what our parents call "Youth Delinquency." Constructive articles by interested educators and columnists are appearing in the press, and last week meetings were held in connection with the Pasadena area Youth Forum.

They chose the title, "Changing Delinquency to Decency." Discussions were held at John Muir High School, and the students formed panels. These panels went over such subjects as "The Control of Liquor and Narcotics," "The Influence of Parents and Home," and "The Use of Leisure Time."

The public was invited to attend the open session and hear the report on the panel discussions. Many of our Pasadena city schools as well as City College were represented on the panels. Bringing this subject to the attention of our parents in a forum like this should do a lot of good as they can hear a lot of the problems we teenagers face and help work out some plans that will make us less delinquent—we hope.

NOW ON THE brighter side: the Junior dance is coming up soon, on June 1 in fact, and the fellows who don't have a steady girl friend are trying to figure out who should be the one to latch onto before it's too late. Not only that, but we have to put out 40 cents each plus our student body card. It sure does cost to get an education these days.

CRAIG LOCKARD, one of Marshall's most hep characters, took a trip to San Bernardino with his family recently. They visited Craig's cousin, Phil. From what I hear, all they did was play baseball. Didn't listen to even one jive record, which must have been quite a strain for Craig.

Almost forgot, Craig's four cats, three kittens and dog were cared for by a neighbor. Boy, is my little brother, Bob, tired of feeding pets.

IN CLOSING, let me tell you this one on my Mom and Dad, who were coming home the other evening.

Mom: Don't drive so fast dear.
Dad: Why not? Are you nervous?
Mom: "No, but the policeman behind us can't get by."

ON SALES GROUP

Marvin Anderson of Sierra Madre, representative for New York Life Insurance Co., is among those recently notified that their 1955 sales qualify them for membership in the 1956 Million Dollar Round Table, an international organization of producers who have sold a million dollars or more of life insurance in the previous calendar year.

Rick Lyness
Has Birthday

Ricky Lyness, son of Mrs. W. Bernard Melone, 1110 Valley View, marked his fifth birthday anniversary at a picnic luncheon held in the park.

Taking part in the day's fun were Buzzy Pulsifer, Randy Hunt, Steven Kemp, Holly and Paula Dixon, Barbara Brear, Robbie Wright and Allison Ord.

Mrs. Melone was assisted by Mrs. William H. Dixon and Mrs. Robert L. Ord.

Hasty Blue Birds
Entertain at Tea
For Mothers

Hasty Blue Birds, under leadership of Mrs. Joe Cummins and Mrs. Howard Hitchcock, entertained their mothers at a spring tea Thursday afternoon at the Cummins' Rim Road home.

The girls, fourth graders, who soon will "fly up" to Campfire activities, presented their own program, and served punch and cookies they had prepared themselves.

Blue Birds and their mothers in the group are Karen Sue Cummins and Mrs. Cummins; Diane Hitchcock and Mrs. Hitchcock; Jeanne Jennings and Mrs. Draper Jennings; Marguerite Brinton and Mrs. John Brinton; Susie Kurtig and Mrs. Peter Hurling; Karen Buttane and Mrs. Robert Buttane; Ann Lubisch and Mrs. Peter Lubisch; Marlene Griffin and Mrs. John Griffin; Peggy McGraw and Mrs. John McGraw; Susie Sabla and Mrs. George Sabla; and Marilyn Lee and Mrs. Harvey Lee.

Hastings Ranch
Is for the Birds

Hastings Ranch resembles Capistrano in no wise, but the neighborhood is affluted with swallows, busy holding themselves up in mud houses to produce more swallows.

And the \$64,000 question, if you'll pardon the too-familiar term, is (1) "Will those baby swallows think Hastings Ranch is the place to come back to?" and (2) "Will their children's children think the same?"

The swallows are very educational for children, parents agree, scraping left over swallow-house mud from window panes and porches, but if they decide to return year after year, whatever can you rhyme with Hastings Ranch for a fitting song?

STAR SALESMAN

Gerald Ferracane, 3620 Cartwright St., Hastings Ranch, was one of 18 men on the West Coast to receive recognition as "Star Salesman" of the Guaranty Union Life Insurance Co. Mr. Ferracane placed fourth in a recent production drive.

Seven candidates for the office of County Supervisor of the 5th District—William Carpenter, Warren M. Dorn, Lyndon R. Foster, Roger W. Jessup, incumbent, William A. Jolley, Francis H. Packard and Robert M. Wilkinson—will have an opportunity to present their views to the public tonight at 7:45 o'clock in the McKinley Junior High School Auditorium, Del Mar and Oak Knoll Streets, Pasadena.

Mrs. Grant Dahlstrom of the Pasadena League of Women Voters has arranged the meeting and will serve as moderator. She will be assisted by Mrs. Theodore Coombs, also a League member. Mrs. Sam Goldstein, immediate past president of the Soroptimist Club, one of the sponsoring organizations, will preside.

5,000 Mothers
To 'March' for
School Tax

Nearly 5,000 mothers have volunteered to go from door-to-door in the "march" to inform residents of the Pasadena City Schools area about Propositions "D" and "E" on the June 5 election.

The propositions would permit the schools to continue their present tax rate.

Meanwhile, John H. Biggar Jr., chairman of the Citizens School Tax Information committee, announced that the following organizations were among those who had urged a "Yes" vote on Propositions "D" and "E":

Pasadena Chamber of Commerce, Pasadena Realty Board, Pasadena Property Owners' Division, League of Women Voters, San Gabriel Valley Central Labor Council, Pasadena Council of Parents and Teachers, Altadena Chamber of Commerce, Altadena Kiwanis Club, National Association for Advancement of Colored People, Pasadena Education Association, Pasadena City College Faculty Association and West Altadena Civic Association.

WORKSHOP CLASSES

Practical help for the teacher called on to supervise dramatic activity in the elementary school will be given in a two-week workshop course beginning July 16 at Occidental College. The group will meet Monday through Friday from 1 to 3:30 p.m. and two units of credit will be granted.

3—Do you feel that the present Supervisorial districts adequately represent and service the residents of those districts?

4—Do you believe that there is an adequate program of rehabilitation for women in the Los Angeles County jails?

5—Do you favor more State and Federal assistance to Los Angeles County to help solve the smog problem?

6—Do you believe that the position and duties of the Chief Administrative Officer are adequately defined in the County Charter?

7—Do you believe that the championship in all three divisions of the Hastings Little League is going to be a mad scramble.

In the American League the four teams seem more evenly divided than ever before. Out of four games played, two were decided by one run and could have gone either way.

The Reds' 8-run win over the Indians was closer than the score would indicate.

The Reds, long known for their tight defense, had to rely on their pitcher, Johnny Wallace, for all but two outs in their win. Wallace struck out 14 Indians and helped the cause with a home run with Steve Sauerman aboard.

The Indians sorely miss Len Reed, an All-Star selection last year. Len tore a muscle in his throwing arm before the season started and will probably be out of action the first half of the season.

LAST YEAR'S runners-up, the Braves, are having a little fielding trouble so far. They averaged seven errors per game the first week. The batting hero in their win over the Indians was Don Warner, who drove in the winning run with a clean hit in the last of the fifth inning with darkness just about to take over. Unhappily for the Braves, Don will be moving to Boston when school is out.

Al Alvarez is still the Yankee standout, although he's getting a lot of help from his teammates this year. A 9-year-old, Dick Gnagi, has eliminated all worries over the all important shortstop position.

Alvarez showed his usual form in striking out 14 and hitting a home run to beat the Braves.

Off his performance against the Reds, it looks like Ed Buckle will alternate on the pitching mound for the Yankees.

NATIONAL LEAGUE pitchers took a pretty bad beating the first week.

High scoring honors go to the Giants with a 20-run inning against the Angels. Scores were so large that no game went the regulation six innings and some were called after three.

The pitching exception was the Beavers team, which got

not charged with a single error in their win over the Angels.

Coast League teams were preoccupied with batting, with 64 runs scoring in their first round games. With the first round winners, Rams and Red Sox, meeting Saturday, there is going to be some scrambling of the standings.

Don Williamson's umpiring staff did an excellent job and was primarily responsible for the amount of play that was gotten in even though the evenings are still pretty short.

Starting time for the evening games is 6 o'clock and on Saturdays 9:30 a.m.

GOES TO NORWAY

Dr. Stanford S. Penner, associate professor of jet propulsion at the California Institute of Technology, left recently for Europe to attend a business meeting of the AGARD Combustion Panel in Oslo, Norway.

Dr. Penner is a member of the American Association of University Women, Woman's Civic League and the League of Women Voters of Glendale.

The specific questions to be answered by the candidates were submitted to them in questionnaire form and are:

1—Do you believe that appointed lay committees, such as the Probation Committee, serve county government efficiently as administrative bodies? Would you prefer them to function in an advisory capacity?

2—Would you support appointment and financing of a representative Citizens Committee for the review of the organizational structure of Los Angeles County government and of the County Charter, as recommended by the 1955 Grand Jury final report?

3—Do you feel that the present Supervisorial districts adequately represent and service the residents of those districts?

4—Do you believe that there is an adequate program of rehabilitation for women in the Los Angeles County jails?

5—Do you favor more State and Federal assistance to Los Angeles County to help solve the smog problem?

6—Do you believe that the position and duties of the Chief Administrative Officer are adequately defined in the County Charter?

3-hit performances from Pat Taylor and Mike Regnolds and some good hitting from Garey Spivey, who hit a home run against the Seals.

Larry Leedom, Bill Hoffine, Brad Karelius and Bud Levine also hit homers the first week. Amazingly, the Beavers were

FIRE FLAMES

By JAMES HEASLEY

Al Lindekins, one of our local finest, has more than usual avoiddupois and expanse of shoe leather. He was seriously occupied reaching over to scratch the tell-tale white mark across car tires when a little boy crawled from a car and took after him.

"Hello, kiddie!" said Al, "what can I do for you?" "My mother told me to ask you if you would mind walking up and down our sidewalk—it's just been graveled and we ain't got a roller."

"Say, Joe, can I borrow your pen?"

"Sure thing."

"Got a sheet of writing paper I can use?"

"Reckon so."

"Goin' past the mail box when you go out?"

"Uh-huh."

"Wait a minute till this letter is finished, will you?"

"All right."

"Want to lend me a stamp?"

"Reckon so."

"Much obliged. Say, what's your girl's address?"

The poor incinerators that are being found are not all uncovered in the yards of new corners. This is just a little provoking and disappointing to the men of the fire department.

We have bragged on the wonderful joint action taken by residents in assisting us in keeping down fires. Poor and unclean incinerators indicate that some are forgetting. Smoky burners will hurry that day when all burning will be eliminated, so if you are not in favor of the move you had better be careful to keep down dangerous smoke.

To burn properly, an incinerator must be kept free and clear. It must have a draught to aid burning. An incinerator solidly packed with ashes or clogged with magazines and newspapers makes for one of the "stinkiest" smokes imaginable. See that it has a chance.

IT'S SHORTCAKE SEASON

Shortcakes are in season. And luscious, red, ripe strawberries lead the parade of fresh fruits you'll enjoy in such wonderful desserts.

Here's a favored recipe for a big and beautiful shortcake. Make it with strawberries and with other fresh fruits and berries as they come along.

STRAWBERRY DESSERT-CAKE

- 2 C. sifted flour
- 3 tsp. baking powder
- 1/4 tsp. salt
- 2 Tbsp. sugar
- 6 Tbsp. shortening
- 1 egg, beaten
- 3/4 C. milk
- 4 C. lightly sweetened sliced strawberries
- 1/2 C. soft butter
- 1/2 C. sugar
- 3 Tbsp. flour

Sift first four ingredients into bowl. Cut in shortening. Combine egg and milk and stir into flour mixture, mixing just until flour is moistened. Spread batter into oiled 12 x 8 x 2 in. baking pan. Top with berries. Mix last three ingredients together and drop by teaspoons over berries. Bake at 400° for about 35 min. Serve warm with cream.

Raging River — Kindly Desert

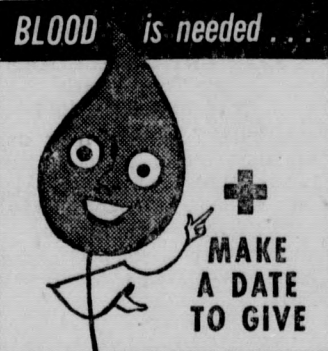

You may have stopped at the Valerie Jean Date Shop in the Coachella Valley.

They tell you that their sturdy structure is made up of old (1877) Redwood telephone poles for rafters; and railroad bridge timbers of the same age for the posts and beams.

In 1905 the overflowing Colorado River washed a channel thru the Imperial Valley and began filling the Salton Sea, covering the railroad tracks. The ties, poles and bridge timbers were removed and lay on the desert for another 30 years. Then they were used to build the date shop, contributing their age-weathered beauty.
